## GIVEN TO THE JURY

The Conclusion of the Jett and White Trial at Cynthiana Near at Hand.

### WHITE SAID TO BE PALE WITH FEAR

After Several Hours Deliberation in Jury Room the Twelve Men Failed to Return a Verdict.

It is the Opinion of All That a Hung Jury Will Be the Result of This Case—The Defense is Jubilant.

Cynthiana, Ky., Aug. 14.—The arguments in the Jett and White case closed at 10:48 Thursday morning. The jury almost immediately was handed the instructions and sent to the jury room. The sheriff and one deputy were ordered to remain at the door. Two deputies were left with the prisoners and the others were instructed to allow no one to loiter in the courthouse yard or in front of the building.

White, who was pale and seemed almost prostrated with fear, talked with one of the deputy sheriffs with him, in the hope of getting some comforting statement from him. He seemed to think it certain that Jett would get a severe sentence, for, as he shuddered, he said he hoped he would not get the same sentence. Jett, however, kept up an air of braggadocio and remarked with confidence that the jury would never convict him.

At noon the jury went to dinner. At 1:30 p. m. the jury resumed its deliberations in the jury room.

At 5:20 Thursday afternoon Judge Osborne directed Sheriff Leach to call the jury from the room, and when called Judge Osborne asked them if they had rendered their verdict, when Foreman D. E. McCauley said that they had not. Judge Osborne then advised them and put them in charge of the sheriff and his deputy, and he told them that after supper they might discuss it among themselves and that then they could retire to their beds for the night. They are to come back at 8:30 Friday morning. Judge Osborne stated to a press reporter that he intended keeping them at their work until 1 o'clock Sunday night to see if they would render a verdict in the case. It is the opinion of all that a hung jury is the result of this case. The attorneys for the defense are jubilant and Jett is laughing and talking with them and smoking cigarettes, but White is much depressed in spirits.

Convict Henry Youtsey on the Stand For Three Hours Thursday.

Georgetown, Ky., Aug. 14.—On the witness stand for three hours Thursday afternoon Convict Henry Youtsey gave very damaging testimony against Caleb Powers in the Goebel murder conspiracy case. He testified that in January, 1901, he signed an affidavit for Powers as to his innocence, to present to the republican judges of the court of appeals to secure from them a reversal of the life sentence given him. Powers. He said that at the time he signed that affidavit both Powers and himself knew it to be false, and that before he would consent to affix his signature to it he, Youtsey, required Powers to sign an agreement waiving the truth or falsity of it, and also agreeing to never let it become public or to use it openly in court, and to return it to him, Youtsey, within 15 days. He says the affidavit was not returned by Powers, and he, Youtsey, kept the written agreement. He produced the agreement in court with Powers' signature attached, and the affair created quite a sensation in the court room. Youtsey's wife has been for two years the innocent custodian of this document. Fearing that he would lose it in the jail to which he was sent from time to time, Youtsey sealed it up in an envelope and sent it to her with instructions not to open it. She kept it until he sent for it to go before the grand jury, and, unaware of its character, she restored it to him and it was opened in the presence of the jury. Youtsey's cross-examination was not completed Thursday.

## ANGERED BY MUSIC

Ex-Soldier Fired Into a Crowd With a Doubled Barreled Shotgun and a Revolver.

### WERE ATTENDING BAND CONCERT

Three Men Were Instantly Killed, Three Probably Fatally Injured, and 20 More Badly Hurt.

He Reloaded and Fired Several Times at the Fleeing Men and Women—Resisted Arrest and Was Killed By a Policeman.

Winfield, Kan., Aug. 14.—Angered by the music of a band concert, Gilbert Twigg, once a soldier in the Philippines, armed himself Thursday night with a double-barreled shotgun and a revolver and attacked a crowd of 3,000 persons that surrounded the bandstand, killing three men, probably fatally wounding three others and injuring 20 more before he was shot by a policeman. Besides Twigg, the dead are Sterling Rice, Dawson Tillotson and D. Bowman.

The band had just finished playing "Hiawatha" when Twigg came up and fired both barrels of his shotgun at the bandstand. R. E. Oliver, a musician, fell with his back and arms full of shot.

The crowd surged toward Twigg and he, having reloaded his piece, fired two charges into the audience. Men and women fell to the ground in pain, crushing children beneath them. Those who were not injured scattered in every direction but one, knocking many others to the ground. This panic allowed Twigg to reload and fire several times at the fleeing men and women. At last Policeman George Nichols came up and, waiting behind a tree for an opportune moment, confronted Twigg, just as the mad man had discharged his fowling piece.

Twigg dropped the shotgun and, drawing a pistol, fired at the policeman. The bullet went wild. Before Twigg had time to fire a second bullet Nichols put a bullet through the man's abdomen. Twigg fell, mortally wounded. He endeavored to fire again at Nichols, but he was so helpless that the bullet entered his own chin, passing out through the top of his head. The frightened fugitives then returned to the bandstand and aided the wounded. Twigg was a miller and the men about town referred to him as "Crazy Twigg," but no one thought him dangerous. He lived in New Mexico for some time before he enlisted as a soldier to fight in the Philippines.

## VILLAGES BURNED.

The Turkish Troops Destroyed Leskvatz and 14 Other Places in Uskob District.

### INSURGENTS LAID THREE IN ASHES

The Albanian Rebels Have Been Disastrously Defeated in the Debyrsko Region by the Turks.

The Outbreak in Macedonia Is Steadily Progressing and Now Northward From Monastir and Also Toward Salonica.

London, Aug. 14.—The Daily Mail prints a dispatch from Belgrade which says that the Turkish troops destroyed the village of Leskvatz and 14 other places in the district of Uskob and that the insurgents have burned the villages of Nakolet and Kranj, inhabited by Albanians, and the Turkish village of Kashani. It is stated that when the insurgents captured the Turkish mail a few days ago they carried off \$125,000.

Salonica, Aug. 12.—Information from Monastir is to the effect that the insurgents have occupied Kilsura and Pissordere and that the Albanian rebels have been disastrously defeated in the Debyrsko region. A Turkish post near Sorovitch has been robbed.

Athens, Greece, Aug. 14.—The Macedonians in Greece petitioned Premier Ralli for permission to cross the frontier with arms in order to join their brethren in Macedonia. M. Ralli refused to grant the permission and counseled them to remain quiet.

Reports received from government agents in various districts of Macedonia are of a disquieting character. They say the outbreak is steadily progressing and now extending northward from Monastir and also toward Salonica. Numbers of new adherents are daily joining the insurgent bands. Krushevo is still in the hands of the insurgents, who have also captured Kilsura, the chief town in the Sanjak of Mahlis, vilayet of Monastir.

Sofia, Aug. 14.—Gen. Tzoncheff, president of the Macedonian committee, and his friend, Col. Jankoff, both of whom are ex-soldiers in the Bulgarian army, have been arrested by the Bulgarian police.

The Macedonian leaders expressed themselves as greatly disappointed with what they assert is the distinctly hostile attitude of America toward their cause as manifested in the utterances of the press. Dr. Christo Tartercheff, one of the presidents of the Central Internal Macedonian committee, Thursday told a press representative that his party was convinced that American newspapers had been bought with Turkish gold.

"There seems to be no other explanation for the tone of their articles," said he. "They are not only unsympathetic toward the movement, but decidedly inimical to it. It is impossible that such an attitude could arise from ignorance of the true state of affairs in a country so intelligent as America, and it is also difficult to believe that the impression created by the Miss Stone affair could have so prejudiced the American press."
